The open-plan lounge exudes a welcoming ambiance with two large chandeliers and a gas fireplace. Its generous windows create a seamless indoor-outdoor living experience, connecting directly to the delightful pool area with ample seating room. Adjacent to this space, discover an inviting highlight of the house—an expansive covered outdoor kitchen, an ideal spot for entertaining guests while overlooking the magnificent south-facing infinity pool. Completing this outdoor oasis is an enticing jacuzzi and a lower-level seating area with a built-in fire pit.

Returning indoors, the main level reveals one final room, offering the potential to be transformed into a spacious bedroom. This room features direct access to the covered terrace and showcases views of a beautiful vertical garden.

Ascending to the first floor, you'll find three additional en-suite bedrooms. The master bedroom occupies the west wing and boasts a large private terrace, partially covered for convenience. It includes a fitted walk-in closet and a glass sliding door that leads to the en-suite bathroom, featuring a double sink, double walk-in shower, and a separate bathtub. A glass corridor leads to the second en-suite bedroom facing north, while on the opposite wing lies another bedroom with a smaller walk-in closet, a sliding bathroom door, a single walk-in shower, a single sink, and a toilet. This bedroom also grants direct access to a spacious 'L'-shaped terrace, providing a pathway to the upper-floor terrace via an outdoor staircase, which offers even more breathtaking views. Importantly, these mesmerizing views are guaranteed.

Lastly, the basement level offers a laundry room, a generously sized garage, and plenty of storage room. This section of the house benefits from natural light through multiple large windows, despite being on the lower level.

Notable features of the property include solar panels for hot water, built-in floor-to-ceiling wardrobes, GEBERIT and SANINDUSA suspended fixtures in all bathrooms, electric shutters practically throughout, pre-installation for central vacuum system, pre-installation for pool heating, light grey floor tiles (60x60 cm) indoors and outdoors, LED lights, central air conditioning, underfloor heating, video intercom, high ceilings, a low-maintenance Mediterranean garden, artificial grass, an outdoor covered shower, anti-slip ceramic tiles surrounding the pool, and an outdoor kitchen equipped with a gas BBQ, sink, electric hob, Travertine countertop, and pre-installation for a wall-mounted TV.
